

## **Bristol Medieval Studies Summer School 2025**

***Live and study in Bristol,  
a major medieval port city and a  
gateway to medieval Europe***

The University of Bristol is working towards the creation of an exciting Summer School with a focus on Medieval Studies for 2025. If you are interested in developing a collaboration with us, please get in touch with the program's academic lead: Dr Leonardo Costantini ([leonardo.costantini@bristol.ac.uk](mailto:leonardo.costantini@bristol.ac.uk)).

### **Program description**

This three-week intensive program will be hosted by the research community at our prestigious [Centre for Medieval Studies](#). In addition to the opportunity to work with our world-leading medievalists, students will be offered field trips and workshops *in situ* thanks to our unique partner institutions in Bristol and the South West of England. These include the Bristol Archive, Bristol Cathedral, the Bristol Central Library, Berkeley Castle, Gloucester Cathedral, the Winterbourne Medieval Barn, the Royal Mint Museum, and the Bodleian Library in Oxford. Students will explore ideas at the heart of current debates on medieval studies and the humanities, while developing a strong understanding of the key research skills used by professional medievalists. By the end of the Summer School, they will have gained a deeper understanding of topics that will help them complete their degree.
